finish the story

Sleator is masterful with his cliffhanger ending in “The Elevator”. The story ends suddenly with the fat lady saying, “Hello Martin” and hitting the Stop button. We have no idea how the conflict is resolved, and that feeling can leave us a bit uncomfortable! Your task is to finish the story. What happened next? How does the problem get solved? Make sure your ending is believable and that your style matches Sleator’s as much as possible.
